

HOW IT WORKS

COVENANT
TRANSPORT

\$
40,000

TEAMING
BONUS

EARNING YOUR \$40K

For every 60,000 miles that you run with your team partner, Covenant will pay \$2,000 to your team, or \$1,000 per driver.

After 20 cycles of that your team will have racked up \$40,000 in Teaming Bonus money, or \$20,000 per driver.

CHANGING TEAM PARTNERS

If you happen to change team partners, the miles with your first team partner are saved in a “bank” for 1 year. Then you and your second team partner will start a new set of miles that we are tracking as you work your way towards 60,000 miles. If you and your first team partner get back together within a year, you will pick up at whatever mileage count you left off at.

It's that easy!
